October 14, 2009 Meeting

Partner representatives will:

- Be presented with baseline indicators, and CAN partner investments crosswalked on the Ready by 21 Dashboard
- Review together the community indicators (child and youth results) and partner investments, and service information through Youth Services Mapping information
- Identify specific areas to improve alignment, collaboration, and results (e.g. strategic opportunities to address truancy, teen pregnancy, etc.)
- Identify the leadership, “infrastructure,” tools, and processes needed for better overall results in our community
- Determine commitments to be captured in the Community Compact for Children and Youth

This session will be facilitated by Karen Finn, Results Leadership Group. Karen works with states and communities on selecting outcomes and indicators, improving quality of youth programs, and providing and developing comprehensive action plans.
