

Stable Families, Healthy Community: *Community Resources 101*

Goal

- Expand community's capacity to connect families to assistance by orienting social service staff and volunteers on available resources.

Scope of Work

- Coordinate with existing Social Service Case Management Network to develop plan for providing ongoing orientations of available community resources to social service staff and volunteers.
- Work with CAN Issue Area Group Leadership Team to get information to and from social service organizations involved in issue area groups.
- Inform process with information gathered by *Common Eligibility Team*.

Deliverables

- Proposed plan for providing ongoing orientations on available community resources to social service staff and volunteers.
